

Product Specification Sheet

C-11 C-11 Premium Art Gicleé Canvas - Satin

C-11 is a wonderful polyblend canvas perfectly suited to highly demanding fine art applications where the tooth, texture and authoritative feel of traditional canvas is balanced with the properties of a synthetic yarn additive, facilitating a more pliable, uniform construction which retains much of the warmth of cotton, yet has a technically superior construction. Will not yellow, crack or curl. The premium coating on a nicely textured gesso surface is finished in a mild satin, making C11 a wonderful choice for fine art applications and art reproduction. The color gamut of this canvas is exceptionally vivid and very striking when used with dye based inks.

Properties

Coating: Polymeric Non-toxic
Surface: White - Matte
Weave: 78 x 27 cotton/polyester blend
Caliper: .0189" (18.9 mil)
Weight: 388 g/m² (11.5 oz/yd²)
Whiteness (CIE Ganz 82): 114
Brightness (TAPPI T452): 93
Gloss (60°): 4.0

Ratings

Health – 0
Reactivity – 0
Flammability – 1 not spontaneously combustible

Environment

Functional temperature range – 50° to 85° Fahrenheit
Functional relative humidity range – 30% to 65%
Ink dry time – varies with type and amount of ink, relative humidity and temperature.

Inks

This canvas has been optimized for dye based inks. Although pigmented inks will perform well, color and ink saturation adjustment may be required to replicate the performance of dye based inks.

Applications

Fine Art Art Reproduction Murals

Handling & Storage

Store in cool, dry conditions around 70°F and 20-60% relative humidity
Always place in plastic sleeve when not in use. Never let roll lay flat on its side for extended period as damage could occur, store standing on end or suspended in box with end caps.
